

New York Stock Market

New York, September 29.—The recovery in prices on the stock exchange which characterized yesterday's operations was continued through early part of today's trading. The motive short interest was the pivot point and which the market revolved, the buying movement by that element substituting the most important factor. Declaration of war by Italy against Turkey later brought about a reaction.

All appearances the street chose to ignore the adverse conditions which confronted the market at the opening. London quotations of American stocks were depressed in some cases as much as two points. Berlin reported the suspension of a comparatively important financial institution. Domestic conditions, which prompted the heavy liquidation, were not improved. In the face of these influences the market rose vigorously soon after the opening. United States Steel reached its high point of the week at 117 1/2.

Italy's declaration of war heightened the unfavorable effect of the foreign influence. In the latter part of the day the market sagged, and gains of one to two points were lost. The close found some losses on the day's operations, although net changes in most cases were only nominal.

The position of this country at this time of crisis in European politics was being watched by international bankers as unusually favorable. For the first time in many years, it was said, the beginning of a war in Europe found money rates here easy, so that New York is in a position to enlarge its credit abroad.

There was further activity in the bond market. Some of the speculative issues were pushed up at a lively rate early in the day, but reacted sharply, with a final uptick before the close.

While the unusual expansion in trading in bonds recently has been due largely to speculation in American tobacco issues, bond houses reported that the market had improved and that for the first time in several weeks there was an indication of an increase in buying by savings banks. Total sales of bonds, par value, \$3,470,000. United States bonds unchanged on call. Total sales for the day, 737,800 shares.

New York, September 29.—Money on call steady, 2 3/4 to 3 per cent; ruling rate 2 1/2; closing bid, 2; offered at 2 1/2. Time loans steady; sixty days, 3 1/2 per cent, and ninety days, 3 1/2; six months, 3 1/2 per cent. Prime mercantile paper, 1 1/2 to 2 per cent. Commercial bills, \$4.50 to \$4.75 for sixty-day bills and at \$4.85 to \$4.95 for ninety-day bills. Mexican dollars, 45 to 46.
